

ONTARIO LABOUR RELATIONS BOARD

Between:

Interior Systems Contractors Association
of Ontario,

Applicant,

- and -

International Brotherhood of Painters
and Allied Trades and Ontario Council
of the International Brotherhood of
Painters and Allied Trades - Local Union
1891,

Respondent,

- and -

Acoustical Association of Ontario,

Intervener #1,

- and -

Residential Painting Contractors of
Ontario,

Intervener #2.

BEFORE: R. A. Furness, Vice-Chairman, and Board Members
H. Kobryn and J. A. Ronson.

APPEARANCES: Robin B. Cumine for the applicant;
A. M. Minsky, Q.C. and A. Colafranceschi for the respondent;
no one for intervener #1, no one for intervener #2.

DECISION OF THE BOARD:

1. This is an application for accreditation, construction industry, wherein the applicant seeks to be accredited as the bargaining agent for certain employers who have a bargaining relationship with the respondent. The respondent is a party to a collective agreement with the applicant which was made on May 1, 1984, and which is effective from May 1, 1984, until April 30, 1986, with

provision for renewal for further periods of one year thereafter subject to notice. Having regard to the material before it, the Board is satisfied that more than one employer is affected by this application and is bound by this collective agreement. The Board therefore finds that it has jurisdiction under section 125 of the Labour Relations Act to entertain this application.

2. The applicant is an incorporated association. In support of its application, the applicant filed a copy of its letters patent dated September 1, 1971, supplementary letters patent dated May 24, 1974, and its by-laws dated May 8, 1979. By the supplementary letters patent the name of the applicant was changed to Interior Systems Contractors Association of Ontario from The Drywall Association of Ontario. Having regard to the material before it and to the representations of the parties, the Board further finds that the applicant is an employers' organization within the meaning of section 117(d) of the Labour Relations Act and is satisfied that the applicant is a properly constituted organization for the purposes of section 127(3) of the Labour Relations Act.

3. The applicant also filed in support of its application sixty-seven documents entitled "Authority of Employer to Interior Systems Contractors Association of Ontario". These documents appoint the applicant to act on behalf of the signer in all aspects of and all matters concerning or arising out of any collective agreements currently in force between the signer and the Brotherhood of Painters, Decorators and Paperhangers of America, any Local Union thereof or Council of Local Unions thereof. The documents also assign and vest in the applicant all rights to bargain on its behalf and enter into collective agreements or any renewal thereof or extensions or modification thereto with the Brotherhood of Painters, Decorators and Paperhangers of America, any Local Union thereof or Council of Unions thereof and further vest in the applicant all necessary and appropriate authority to enable it to discharge all of the responsibilities of an accredited bargaining agent pursuant to the Labour Relations Act of Ontario. The documents further appoint the applicant as its agent and representative to make an application for or applications for accreditation with respect to such sector or sectors and for such geographic area or areas as it may deem appropriate. It was agreed at the hearing that the name of the trade union set forth in the authority to employer and the name of the respondent set forth in the application refer to the same trade union and merely represent a change in name of the same trade union. The

applicant also filed in support of these documents a duly completed Form 88, Declaration Concerning Representation Documents, Application for Accreditation, Construction Industry. The Board is satisfied that the evidence of representation meets the requirements set out in section 120 of the Board's Rules of Procedure and the Board is further satisfied that the individual employers on whose behalf the applicant has submitted evidence of representation have vested appropriate authority in the applicant to enable it to discharge the responsibilities of an accredited bargaining agent.

4. The collective agreement referred to in paragraph one applies to and is effective within the Province of Ontario. The applicant and the respondent agree that this is the appropriate geographic area for accreditation in this application. The applicant and the respondent have also agreed that pursuant to this collective agreement employees have been employed in the residential sector of the construction industry. Having regard to the agreement of the applicant and the respondent, the Board finds that all employers of employees engaged as drywall tapers, plasterers, fireproofing applicators, acoustical and fireproofing applicators and asbestos removers and their apprentices, trainees and working foremen for whom the respondents or either of them have bargaining rights in the Province of Ontario in the residential sector of the construction industry, constitute a unit of employers appropriate for collective bargaining.

5. Notice of this application was given to two hundred and twenty-seven employers in accordance with the Board's Rules of Procedure.

6. The following employers were agreed to be removed from the list of employers because the respondent does not have bargaining rights with respect to such employers:

No. 5	Ace-Par Systems Ltd.
No. 20	Beaver Cook
No. 44	Commercial Construction Drywall
No. 48	Convert-A-Wall Ltd.

The Board finds that the sixty-seven employers on Final Schedule "E" were those employers who had employees in the year immediately preceding the making of the application, and the number sixty-seven is the number of employers to be ascertained by the Board under section 127(1)(a) of the Labour Relations Act.

10. On the basis of all the evidence before it, the Board finds that on the date of the making of the application the applicant represented forty-eight of the sixty-seven employers on Final Schedule "E". The forty-eight employers is the number of employers to be ascertained by the Board under section 127(1)(b) of the Labour Relations Act. Accordingly, the Board is satisfied that a majority of the employers in the unit of employers is represented by the applicant.

11. The Schedule "H" which accompanied the Form 94 Employer Filing filed by the individual employers set out the number of employees that the employer has at each job site with details of the location and the type of construction involved. By section 127(1)(c) of the Labour Relations Act, the payroll period immediately preceding the making of the application is the relevant weekly payroll period for determining the number of employees affected by this application. On the basis of all the evidence and representations before it, the Board finds that there were five hundred and twenty employees affected by this application during the payroll period immediately preceding August 31, 1984, or for such other weekly payroll period with respect to certain employers where the said payroll period immediately preceding August 31, 1984, was unsatisfactory. The five hundred and twenty employees is the number of employees to be ascertained by the Board under section 127(1)(c) of the Labour Relations Act.

12. The Board finds that the forty-eight employers represented by the applicant employed four hundred and seventy-four of these five hundred and twenty employees. The Board is therefore satisfied that the majority of the employers represented by the applicant employed a majority of the employees affected by this application as ascertained in accordance with the provisions of section 127(1)(c) of the Labour Relations Act.

13. Having regard to all of the above findings a Certificate of Accreditation will issue to the applicant for the unit of employers found to be an appropriate unit of employers in paragraph four herein, and in accordance with the provisions of section 127(2) of the Labour Relations Act

for such other employers whose employees the respondent may after August 31, 1984, obtain bargaining rights through certification or voluntary recognition in the geographic area and sector set out in the unit of employers.
