

ONTARIO LABOUR RELATIONS BOARD

Between:

The Ontario Erectors Association,

(Applicant),

- and -

International Association of  
Bridge, Structural and  
Ornamental Ironworkers, Local  
Union 759,

(Respondent).

BEFORE: R. A. Furness, Vice-Chairman, and Board Members  
H. J. F. Ade and E. Boyer.

APPEARANCES: Robin B. Cumine, Walter R. Stevenson and  
W. Jemison appearing for the applicant; L. Baillie  
appearing for the respondent.

DECISION OF THE BOARD:

1. In this application for accreditation the applicant seeks to be accredited as the bargaining agent for certain employers which have a bargaining relationship with the respondent. The respondent is a party to a collective agreement with the Construction Association of Thunder Bay. This collective agreement became effective on signing and remains in effect until April 30, 1978. There is no question that more than one employer which is affected by this application is bound by this collective agreement. The Board therefore finds that it has jurisdiction under section 113 of The Labour Relations Act to entertain this application.

2. The applicant is an unincorporated association. In support of its application, the applicant filed a copy of its constitution and by-laws. Having regard to the material before it and to the representations of the parties, the Board finds that the applicant is an employers' organization within the meaning of section 106(d) of The Labour Relations Act and is satisfied that the applicant is a properly constituted organization for the purposes of section 115(3) of The Labour Relations Act.

3. The applicant has also initially filed in support of its application twenty-eight documents entitled "Authority of Employer to Ontario Erectors Association".

These documents appoint the applicant to act on behalf of the employer as its bargaining agent and representative to make an application for accreditation under The Labour Relations Act. The applicant also filed in support of these documents a duly completed Form 62, Declaration Concerning Representation Documents Application for Accreditation, Construction Industry. The Board is satisfied that the evidence of representation meets the requirements set out in section 96 of the Board's Rules of Procedure and the Board is further satisfied that the individual employers on whose behalf the applicant has submitted evidence of representation have vested appropriate authority in the applicant to enable it to discharge the responsibilities of an accredited bargaining agent. At the conclusion of the hearing, the applicant endeavoured to file one additional authority of an employer as documentary evidence of representation. At the hearing the Board pointed out that pursuant to section 96(1) of the Board's Rules of Procedure evidence of representation of an employer by the applicant is required to be filed with the Board not later than the terminal date for this application. In addition, this requirement is clearly set forth in Form 60, Notice of Fixing Terminal Date Accreditation, Construction Industry, Before The Ontario Labour Relations Board, which was sent to the applicant. Since the one additional authority of an employer as documentary evidence of membership was filed after the terminal date, the Board has not considered such documentary evidence in making the determinations set forth in paragraph ten.

4. The collective agreement referred to in paragraph one applies to and is effective within all of the Districts of Kenora, Kenora Patricia, Rainy River, Thunder Bay and all area lying to the north of the 50th degree latitude in the District of Cochrane and east to the Quebec boundary. The applicant and the respondent agree that this is the appropriate geographic area for accreditation in this application. The applicant and the respondent have also agreed that pursuant to this collective agreement employees have been employed in the following sectors of the construction industry: industrial, commercial and institutional, and, heavy engineering. In the circumstances of this application and having regard to the agreement of the parties, the Board finds that all employers of ironworkers for whom the respondent has bargaining rights in the Districts of Kenora, Kenora Patricia, Rainy River, Thunder Bay and all that area lying to the north of the 50th degree latitude in the District of Cochrane and east to the Quebec boundary in the industrial, commercial and institutional sector and in the heavy engineering sector of the construction industry, constitute a unit of employers appropriate for collective bargaining.

5. For the purpose of clarity the Board notes the agreement of the parties and declares that the term "iron-workers" does not include rodmen.

6. Notice of this application was given to 95 employers in accordance with the Board's Rules of Procedure.

7. Ten employers failed to file returns. Having regard to the representations before it, the Board makes the following determinations pursuant to section 115 of The Labour Relations Act:

- No. 4 Dominion Bridge Company Limited  
(Winnipeg) - Final Schedule "E"
- No. 49 Sovereign Insulation - Final  
Schedule "F"
- No. 63 Klub Construction Company Ltd.  
- Final Schedule "F"
- No. 65 Horst Lang Construction - Final  
Schedule "F"
- No. 67 Martens - Glenlea Industrial  
Supply Ltd. - Final Schedule "F"
- No. 69 North Shore Equipment Distributors  
- Final Schedule "F"
- No. 70 Perma Structures Ltd. - Final  
Schedule "F"
- No. 75 Thunder Bay Door Services - Final  
Schedule "F"
- No. 76 Lee Turzello Cont. Co. - Final  
Schedule "F"
- No. 91 Pre Pad Inc. - Agreed by the  
parties to be removed from the  
list of employers because the  
applicant does not have bargaining  
rights for this employer.

8. On the basis of the filings of the following employers and on the representations of the parties, the following employers are removed from the list of employers:

- No. 32 Aisby Metal Works
- No. 54 The Carter Construction Company  
(1973) Limited
- No. 64 K.T.S. Industries

9. On the basis of the foregoing and the filings by individual employers, the Board has prepared the following lists of employers. These employers listed on Final Schedule "E" are those who are indicated as having had employees affected by the application in the year preceding September 9, 1977, the date of the making of this application. Those on Final Schedule "F" are indicated as not having had such employees.

Final Schedule "E"

Robertson Building Systems Limited  
Roger Forest Inc.  
G. M. & H. O. Holmes Limited  
Newman Structural Steel Limited

The Board finds that the 36 employers on Final Schedule "E" were those employers who had employees in the year immediately preceding the making of the application, and the number 36 is the number of employers to be ascertained by the Board under section 115(1)(a) of The Labour Relations Act.

10. On the basis of all the evidence before it, the Board finds that on the date of the making of this application, the applicant represented 19 of the 36 employers on Final Schedule "E". The 19 employers is the number of employers to be ascertained by the Board under section 115(1)(b) of The Labour Relations Act. Accordingly, the Board is satisfied that a majority of the employers in the unit of employers is represented by the applicant.

11. The Schedule "H" which accompanied the Form 68, Employer Filing, filed by the individual employers sets out the number of employees that the employer has at each job site with details of the location of the type of construction involved. By section 115(1)(c) of The Labour Relations Act, the payroll period immediately preceding the making of the application is the relevant weekly payroll period for determining the number of employees affected by the application. On the basis of the evidence before it, the Board finds that there were 361 employees affected by this application during the payroll period immediately preceding September 9, 1977 or for such other weekly payroll period with respect to certain employers where the said payroll period immediately preceding September 9, 1977 was unsatisfactory. The 361 employees is the number of employees to be ascertained by the Board under section 115(1)(c) of The Labour Relations Act.

12. The Board finds that the 19 employers represented by the applicant employed 305 of these 361 employees. The Board is therefore satisfied that the majority of the employers represented by the applicant employed a majority of the employees affected by this application as ascertained in accordance with the provisions of section 115(1)(c) of The Labour Relations Act.

13. Having regard to all of the above findings a Certificate of Accreditation will issue to the applicant for the unit of employers found to be an appropriate unit of employers in paragraph four herein, and in accordance with the provisions of section 115(2) of The Labour Relations Act for such other employers for whose employees the respondent may after September 9, 1977, obtain bargaining rights through certification or voluntary recognition in the geographic area and sectors set out in the unit of employers.

"R. A. Furness"  
for the Board

January 16, 1978.
